

Brand USA Opens Office in Japan

Tokyo, Japan - July 12, 2012

- Selects AVIAREPS Marketing Garden Ltd. to represent BrandUSA's interests

Brand USA, created as a result of the U.S Travel Promotion Act, today announced that it has appointed a tourism marketing company, AVIAREPS Marketing Garden Ltd., as its first-ever Japan office. In addition to its Japan brand advertising campaign launched in May, Brand USA will now proactively launch marketing programs targeting travel agencies as well as a nationwide public relations campaign throughout the nation.

Brand USA began operations in May 2011 as a result of U.S. federal legislation which established a public-private partnership between the travel industry and the U.S. government dedicated to increasing international visitation to the U.S. through global marketing and promotional efforts. This public-private entity will spearhead the nation's first global marketing effort to promote the United States as a premier travel destination worldwide.

Brand USA is funded by up to \$100 million in private sector investment matched by up to \$100 million annually from funds generated by the ESTA (the Electronic System for Travel Authorization) VISA Waiver program.

To kick off the global marketing campaign, the first wave of advertising launched in May in Japan, the United Kingdom, and Canada, with a budget of \$12.3 million for the first three months. A second wave will follow in Brazil and South Korea later this year, with several other markets to follow.

About Brand USA

Brand USA is the nation's destination marketing organization, dedicated to attracting legitimate international inbound travel to strengthen the U.S. economy, increase exports, create quality jobs, and promote community prosperity. By running data-driven campaigns and unifying messaging across industry and government, Brand USA positions the United States as a top global destination while providing current visa and entry information.

[Since 2012](#) Brand USA, in collaboration with travel industry partners, has been responsible for attracting an additional 10.3 million visitors who spent nearly \$35 billion in the United States, generating \$76 billion in economic output, and sustaining nearly 40,000 jobs per year. Without any cost to taxpayers, these efforts have generated \$10 billion in tax receipts and returned \$20 to the U.S. economy

for every dollar spent.
